

Fall 2021
Group Advising

Pet Policy

If a pet enters the camera frame of a presenter during our orientation, we will "paws" our discussion for an introduction to that pet and admiration by all.

Foreword

~Our commitment~

At the Pre-Medical and Pre-Dental Advising Office, we recognize the importance of Black and Brown lives, acknowledge systems of oppression, and center diversity, equity, and inclusion in all aspects of our work.

To this end, we are committed to a sustained, holistic approach to advising that supports and celebrates the success of students from historically marginalized, underrepresented groups.

Representation Matters in Healthcare: Black Males in Medicine

Tuesday, 4/20 6:00-7:00 pm
uconnvtc.webex.com/meet/preadviz

Ireoluwatomiwa "Ire" Opayemi (UConn '28) is a first-year student at the UConn School of Medicine (UConn Med '24). Ire has recently earned his Bachelors of Science in Molecular and Cell Biology and minor in Psychology this past May. Being a big proponent of mental health, advocacy and equity, he is the Vice President of Medical Minds Matter, Secretary of the Medical and Dental Student Government and the Secretary of the UConn Chapter of the Student National Medical Association. Through these positions, he wants to help eliminate the stigma of mental health in healthcare and more specifically in minority cultural.

Timothy Mason (UConn '28) is currently a first-year medical student at the UConn School of Medicine. Outside of class, he is a part of an interprofessional student group focused around raising vaccine confidence in the community. He graduated from UConn in May 2020 with a B.S. in Molecular and Cell Biology. During his time at UConn he rowed for the men's crew team, coordinated the mentoring program for BIOL 1107, and participated in two of UConn's Learning Communities, SCHOLARS and Public Health House. In his spare time he enjoys skating at local bike trails and rowing at the community boathouse in Hartford.

We can't wait to see you soon!

UCONN UCONN | UNIVERSITY OF CONNECTICUT

Holistic Admissions

- “Holistic review is an admissions process that considers each applicant individually by balancing their **academic metrics with experiences and attributes.**” (AAMC)
- “Holistic review—a flexible, individualized applicant assessment tool—provides admissions committees a balanced means of considering candidates’ **personal experiences, attributes and academic credentials, along with qualities and characteristics** that would prove valuable in both dental school and the oral health profession.” (ADEA)

Academics

- Your major can be anything as long as you demonstrate strength in the core entrance requirements!
- Breadth, depth, rigor
- Coursework requirements
- AP credit policies

Co-curricular engagement

- Clinical experience
 - Shadowing
 - Direct patient care
 - Service
 - Research, independent scholarship
 - Extracurriculars for fun and interest!
-
- Community Outreach
 - Office of Undergraduate Research
 - UConntact

Core Competencies

- “Successful medical school applicants are able to demonstrate skills, knowledge, and abilities in these areas. One experience can illustrate proficiency across multiple competencies.”
(AAMC)
- 15 Core Competencies
- Examples

Takeaways

~Pursue your passions~

- Health professional schools are interested in interesting people
- Explore: What do you want to get out of your undergraduate education?
- Make the most of your 3-4 years ahead!
- "Don't have such an orgo personality"

Applicant Support

- **Applicant workshops (2022)**

- Application orientation
- Selecting schools
- Personal statements
- Secondaries
- Interviews

Applicant Support

- **Comprehensive applicant support process**
 - Health Professions Applicant Portfolio
 - Health Professions Letter Packet
 - Personalized cover letter
 - 45-minute Applicant Coaching Session
