

Pre-Medical and Pre-Dental Advising

The UConn Pre-Medical and Pre-Dental Advising Office assists UConn undergraduate students and alumni in intentionally exploring and pursuing careers in the health professions. We offer group advising, interactive workshops, 1:1 coaching and advising, and comprehensive support for students applying to health professions schools. Below are a few helpful tips about our procedures and the next steps to become involved:

1. During Orientation, academic advisors will work with you to plan an appropriate schedule for your major field while accounting for factors such as ECE, AP, or transfer of courses/credits from other institutions. Above all, we encourage you to build in some time simply to settle in and explore, as well as to adjust to the demands of college coursework! We have your best interests at heart and want you to have a good start.
2. Subscribe to our listserv to learn about important information and opportunities from our office. Email premed_predental@uconn.edu from your UConn email account and request to be added.
3. Plan to attend a group advising session as your first point of contact with us. The Fall 2022 schedule will be posted at <https://premed.uconn.edu/events/>.
4. After attending a group advising session in the fall, we encourage you to request a 1:1 appointment with a pre-med or pre-dental advisor if you have specific questions or concerns.
 - Information on scheduling appointments can be found at <https://premed.uconn.edu/advising-appointments/>.
5. Attend the Fall Involvement Fair (Wednesday, 9/2/22, 2-7 pm, Fairfield Way) to explore the different student organizations and groups related to your interests!
 - Popular starting places for pre-health professional students include the Pre-Med Society, Pre-Dental Society, and Pre-Physician Assistant Patient Care Alliance, but there are many, many more.
 - Check out a complete listing of activities at <https://uconncontact.uconn.edu/>.
 - Community Outreach also offers dozens of volunteering opportunities (<https://communityoutreach.uconn.edu/>).

Our website (<https://premed.uconn.edu/>) also contains a wealth of information. If you cannot find an answer to your question on the website, please email us at premed_predental@uconn.edu. Above all, welcome to UConn—we look forward to working with you!
