Only treats, no tricks from Jonathan!
"I don't think I'm ready for med school yet after graduation, but I don't know if I should go for my Master's or apply to a Post-Bacc program..."

Sound like you? You're in luck! One of our former Peer Ambassadors has got you covered!

Keely Greiner graduated with her bachelor's degree in Health Systems & Disparities this past May from the Honors Program. Currently, she's finishing up her Master's of Public Health in the FastTrack program. In her blog post for our office, she shares some key differences between a Master's versus Post-Bacc program, why someone might pursue one over the other, and more.

- Visit our website to schedule an appointment (if you would like a longer meeting!)
University of Connecticut Community Health Leaders (UCHL) is a longitudinal program that aims to expose pre-health students to clinical experience, community service, and professional development. Volunteers will spend 4 hours a week working in a primary care clinic to assist patients during wait times. They will educate patients on health topics such as smoking cessation, diet, and exercise counseling and they will assist patients in having better access to care.

- Interested applicants should email cpamedicine@gmail.com or della.96@icloud.com with a copy of their resume.

"We are three physicians who are all Assistant Clinical Professors in the Department of Pediatrics at the University of Connecticut School of Medicine. We participate in the teaching of medical students and residents. While this position provides a critical role in the functioning of our office, we are committed to providing learning opportunities for the person in this role. Our expectation for an ideal candidate is someone who is intellectually curious, a self starter with attention to detail, and someone who will enjoy working with children and their families and wants to learn more about health systems and primary care prior to attending a medical or other health professions post graduate school."
Sincerely, Leo DiStefano, MD + Della Corcoran, MD + Margaret O’Neill, MD
Interested in Health Professions Schools in Boston?
Wednesday, November 9th 6:00PM

Join the Boston Health Sciences Group as they share knowledge and insight to help students interested in medical and healthcare programs navigate the graduate admission process. They aim to offer tips and techniques to producing a strong application and what kinds of questions students should ask when exploring careers in healthcare. Students have an opportunity to ask specific questions about the colleges and universities represented as they explore graduate education in healthcare.
