The screenshot shows the AMCAS website interface. At the top, there is a navigation bar with 'MENU', the AMCAS logo, 'Students & Residents', and a search icon. The main heading reads 'Applying to Medical Schools with AMCAS®'. Below this, there is a text overlay in a black box with white text that says: 'POV: med school applicants after pressing "submit" on their primary application:'. The background text on the website describes AMCAS as the primary application method for medical schools. Below the text is a blue button that says 'AMCAS® Sign In' with a right-pointing arrow. At the bottom of the screenshot, there is a video player showing a person looking stressed at a computer screen, with a 'COMEDY CENTRAL' logo in the corner. The footer of the page contains the text '2024 AMCAS® Updates and FAQs' and a small circular icon.

PERSONAL STATEMENTS

AMCAS (MD/Allopathic Medicine) “Personal Comments Essay”

- Use the Personal Comments Essay as an opportunity to distinguish yourself from other applicants. Consider and write your Personal Comments Essay carefully; many admissions committees place significant weight on the essay. Here are some questions that you may want to consider while writing the essay:
- Why have you selected the field of medicine?
- What motivates you to learn more about medicine?
- What do you want medical schools to know about you that hasn't been disclosed in other sections of the application?

PERSONAL STATEMENTS

AMCAS (MD/Allopathic Medicine) “Personal Comments Essay”

- In addition, you may wish to include information such as:
- Unique hardships, challenges, or obstacles that may have influenced your educational pursuits
- Comments on significant fluctuations in your academic record that are not explained elsewhere in your application

My personal statement staring at me while I try to relax over the weekend:

PERSONAL STATEMENTS

AACOMAS (DO/Osteopathic Medicine)

"Personal Statement"

- This section is where you can write a statement, which is shared with all your osteopathic medicine schools.
- Once submitted, may not go back and edit
- Keep your topic general: This essay is sent to all programs where you apply.
- Even if you plan to only apply to one program, it is still strongly recommended to keep the statement general in case you later apply to additional programs.

Writing medical school personal statements be like

PERSONAL STATEMENTS

AADSAS (Dental Medicine)

“Personal Statement”

- Explain a defining moment that helped steer you toward a career in dentistry. Consider using that moment as the focal point of your essay.
- Be colorful, positive, imaginative and personal when discussing why you're a good candidate for dental school. Ask yourself—in a pile of 100 applications, would I enjoy reading my statement? Be sure to convey your passion for dentistry in your statement.
- Be yourself. Don't use jargon, clichés or big phrases that you would not use in daily conversation. Remember, dental schools want to know about the real you.
- Be original and thoughtful: Discuss how you would contribute to the profession and patient care, all of which will help you stand out from other applicants.
- Tell your story—make sure the essay is your story, not someone else's.
- Recruit a friend. Ask a friend, relative or faculty advisor to read your essay and provide constructive criticism. Ask them to think about whether the essay is a good representation of your character, and what they know of your ideals and aspirations.
- Give yourself time to organize your thoughts, write well and edit as necessary. And don't forget to proofread, proofread, proofread!

Format and Grammar

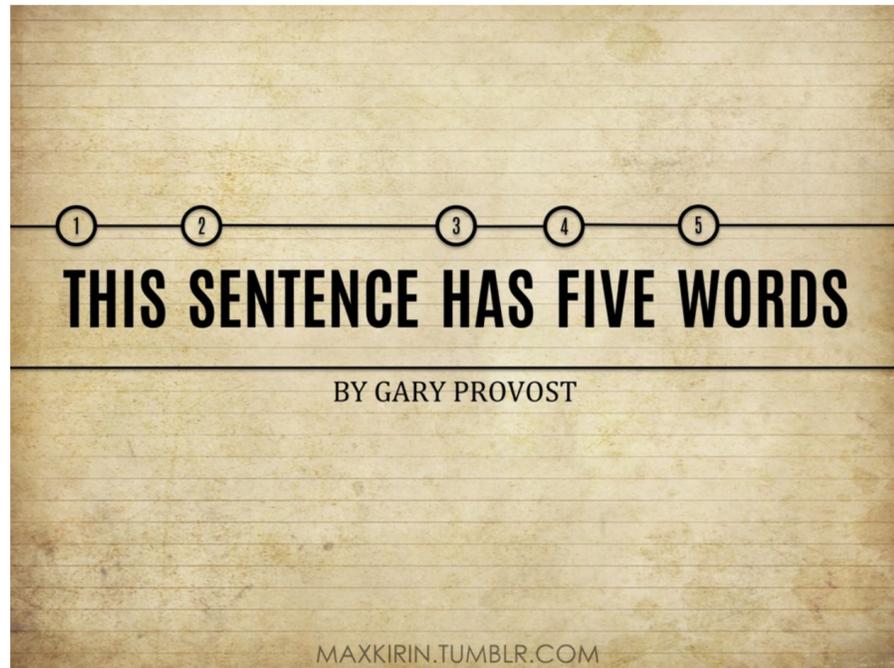

Pay attention to specific instructions:

- AMCAS: 5,300 characters—includes spaces
- AACOMAS: 5,300 characters—includes spaces
- AADSAS: 4,500 characters—includes spaces
- Use well developed sentences, varying the length to avoid choppiness or run-on thoughts and ideas
- Catch typos, spelling, punctuation errors

PERSONAL STATEMENTS

Format and Grammar

This sentence has five words.

Here are five more words. Five-word sentences are fine. But several together become monotonous. Listen to what is happening. The writing is getting boring. The sound of it drones. It's like a stuck record. The ear demands some variety.

MAXKIRIN.TUMBLR.COM

Now listen.

I vary the sentence length, and I create music. Music. The writing sings. It has a pleasant rhythm, a lilt, a harmony. I use short sentences. And I use sentences of medium length.

MAXKIRIN.TUMBLR.COM

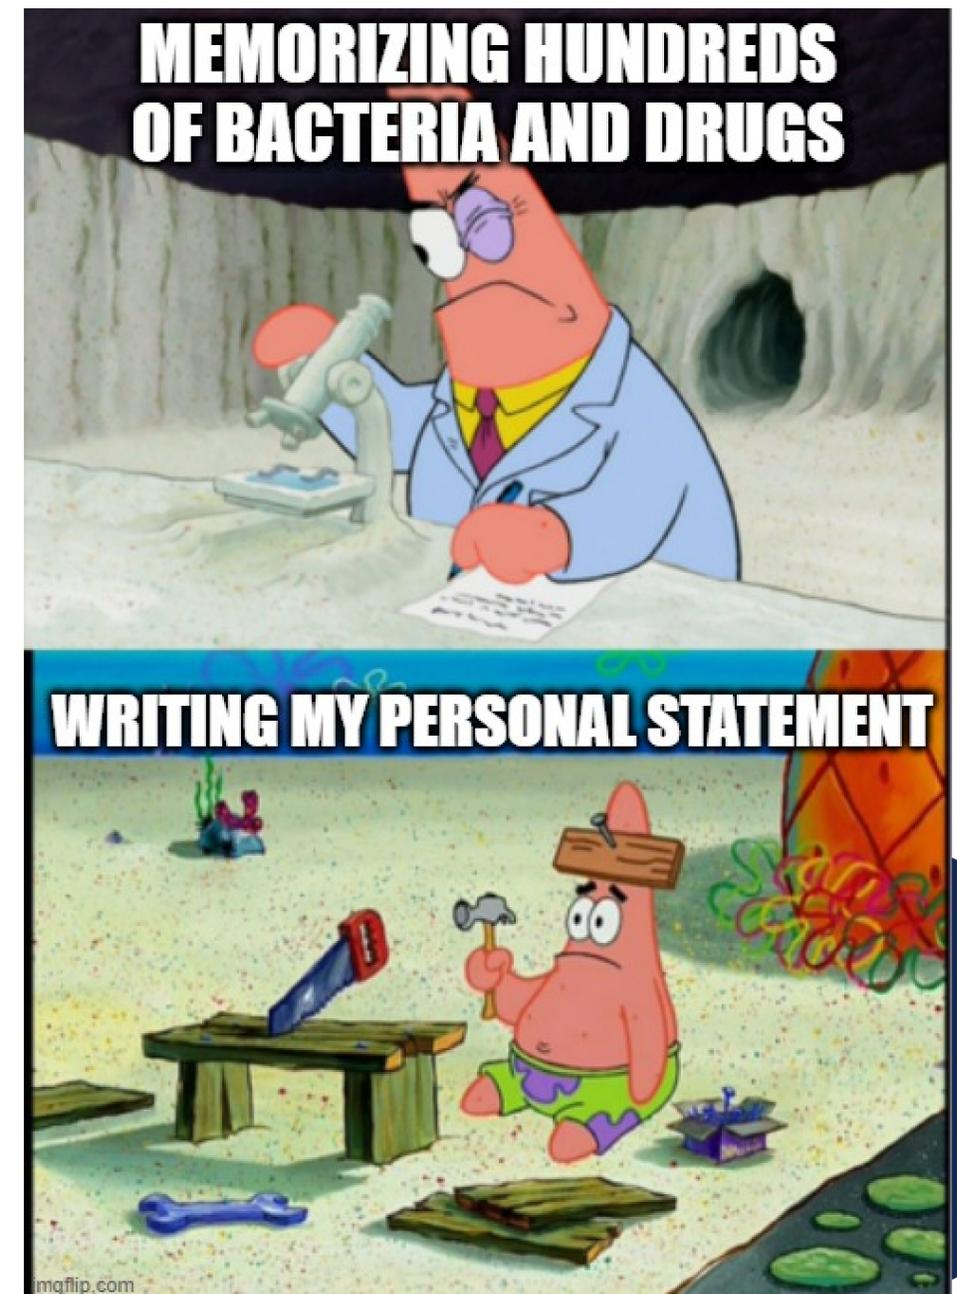

And sometimes, when I am certain the reader is rested, I will engage him with a sentence of considerable length, a sentence that burns with energy and builds with all the impetus of a crescendo, the roll of the drums, the crash of the cymbals— sounds that say listen to this, it is important.

PERSONAL STATEMENTS

Format and Grammar

- 4-7 drafts and revisions are typical
- Sometimes start over – new version
- Helpful to start early
- Proofing – by others and yourself
 - Clinical/medical professionals
 - People who know good writing
 - Family and friends

Commitment to primary care

TUSM has a number of programs focusing on primary care including: Primary Care Selectives; the Competency Based Apprenticeship in Primary Care; six-week core clerkships in Primary Care; and advanced rotations and Acting Internships in Primary Care. We have also established the Maine Track program which provides training in Primary Care and rural medicine in the state of Maine.

Instruction style

Our faculty educates through small-group lectures, problem- and case-based learning, research projects, computerized instruction, and one-on-one clinical teaching.

SECONDARY APPS

Who receives them?

- **Which applicants receive them?**
 - Generally, all applicants
 - Some schools may only send to selected applicants ("screened applicants")
 - School will send you an invitation to complete them via email

SECONDARY APPS

Cost

- **How much do they cost?**

- Secondary fees: \$30-\$120/school
 - UConn SOM: \$85
 - Quinnipiac SOM: \$100
 - U Hawaii SOM: \$150
- Many schools will waive secondary fees if you're a recipient of a fee assistance program

SECONDARY APPS

When?

- **When do applicants receive them?**
 - Most typical: 1-2 weeks after your primary is verified
 - Some faster, some slower
 - February-April is still possible...!

SECONDARY APPS

Best practices

- **Best practices**
 - **PRE-DRAFT**
 - Prioritize your most important schools
 - Refer to your own UConn HPAP responses (*winkwink*)
 - Keep a steady output and use incentives for motivation
 - Unless truly N/A, it's a good idea to answer any optional questions

SECONDARY APPS

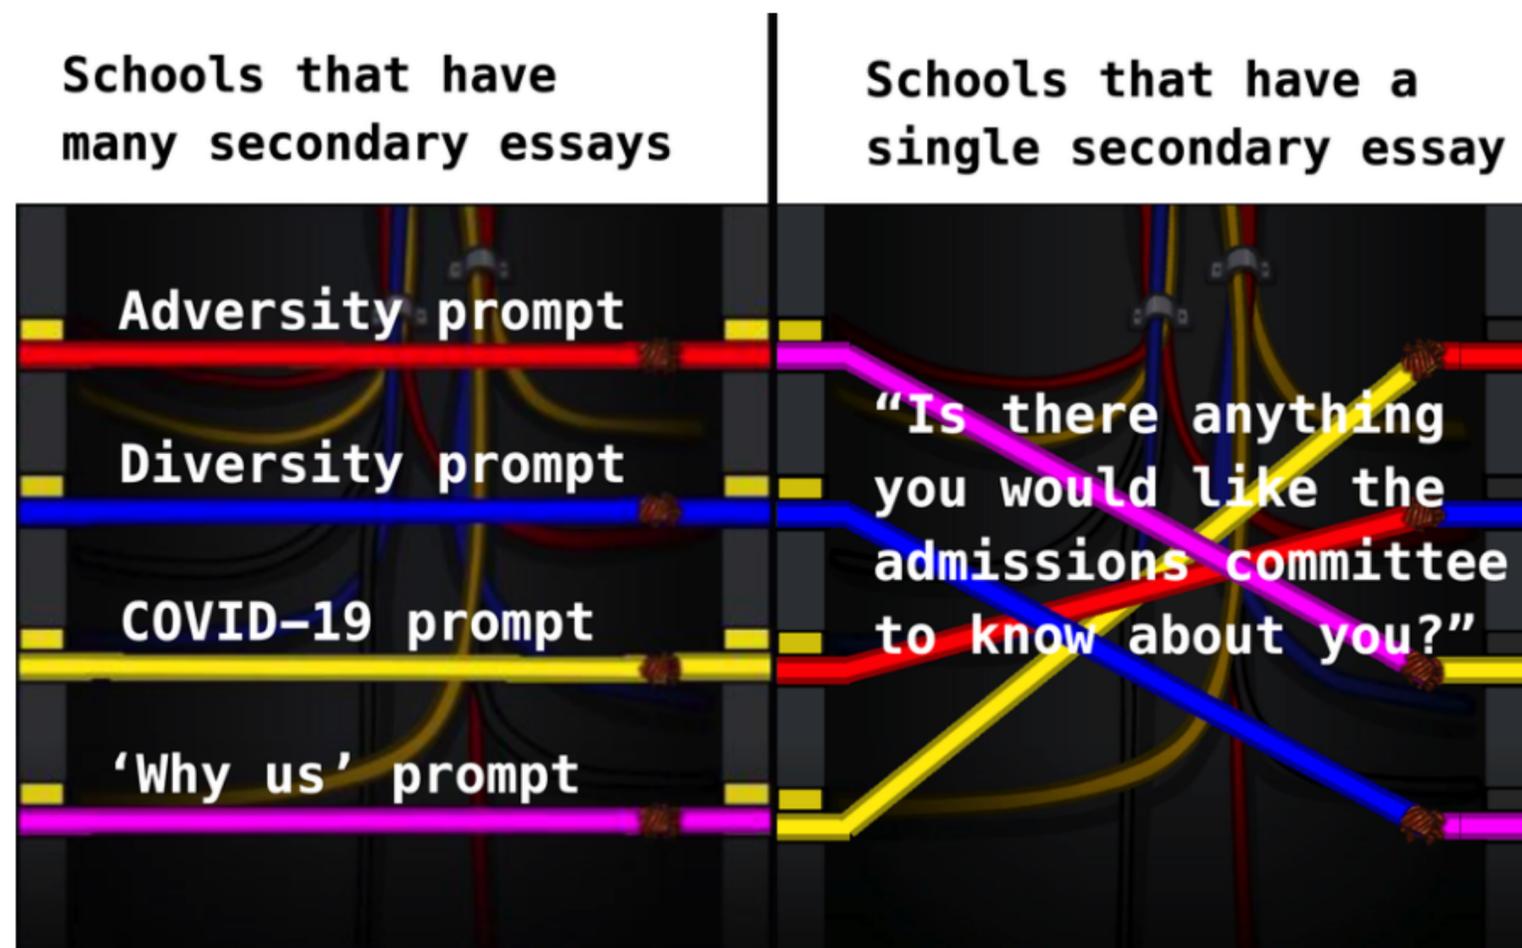

Typical Qs

- How do your unique personal characteristics and background contribute to the university's educational mission of creating a diverse entering class?
- Which points of your character would you like to highlight to the admissions committee?
- What is one non-medical activity that has had a significant impact on you?

SECONDARY APPS

Typical Qs

- Describe a crisis/conflict situation in your life. How did you deal with it, and how has it affected you?
- MD programs: How has COVID-19 affected you?

SECONDARY APPS

UConn SOM

- **UConn SOM Past Qs**
- **[1800 characters each including spaces]**
- Highlight your experiences in the health care field. What insights have you gained about potential problems you will face as a physician?
- How will the University of Connecticut School of Medicine best serve your needs of becoming a physician or physician scientist?
- Please take a moment to explain how the COVID-19 pandemic directly and personally affected you as it pertains to preparing for medical school. (e.g. MCAT test date delay, financial impact, research/clinical experiences, self-quarantine, etc.).

SECONDARY APPS
